Introducing the speaker:

Lisa McInnes-Smith

www.lisaspeaks.com

While still in her 20's, Lisa made a commitment to help young Australians. She set and achieved a personal goal to positively influence 1 million young Aussies! Her first book, written at 26 years of age, became a best seller, catapulting her into the speaking profession. In the 20 years since then, Lisa has become recognised as a vibrant ambassador into corporate Australia, inspiring groups, teams and leaders to new levels of achievement and strategic competence through her high-energy presentations.

Her heart warming message of inspiration captures hearts and changes lives forever. Lisa's stage presence is unique, being considered by many as master of audience participation.

In the corporate setting where she is best known, Lisa rarely has the opportunity to tell the whole story. You will hear about a life-changing encounter at 26 years of age that turned Lisa's life around.

Lisa's pathway of achievement includes:

- Bachelor of Education, majoring in Sports Psychology
- Worked with several of Australia's top sporting achievers.
- Author of 7 best selling books and 5 audio programs.
- Spoken to well over 1 million people in 20 countries.
- Speaks in Asia and the UK, and frequently tours the United States.
- Shared the stage with two American Presidents, one Vice-President and several top entertainers, including the late Ray Charles.
- In 2001 she was inducted into the international Speaker Hall of Fame, the only person outside North America to achieve this recognition of excellence in her profession.
- Regularly speaks in schools through her continuing commitment to bring purpose and vision to young Australians.

"... extremely impressed with the way you were able to relate to so many different personalities, as well as have them so keen to participate.

Warm Welcome

This is a special time where people from all sections of the community – political, civic, business, government, judicial, church, trade unions, and the professions – **join together** in a time of reflection and encouragement, realising that we need more than human wisdom to solve the deep problems and hurts within our society.

Breakfast Background

The first South Australian Prayer Breakfast was held in 1980 and it has been conducted most years since then. It is intended that

the event will encourage our political, civic, judicial, business, government and community leaders of South Australia, as well as members of the community, to recognise their privileges and responsibilities before God.

Similar functions are held around the world including Washington DC, Canberra, Melbourne and Brisbane, first commencing in 1953. The US National Prayer Breakfast has become an annual event with people from over 140 countries attending.

This is the 26th South Australian Prayer Breakfast.

These events in South Australia are organised by **CBMC International - SA Inc.** in conjunction with **The Parliamentary Christian Fellowship.**
